PROFESSIONAL SUMMARY

Data Analyst proficient in SQL, Python, Power BI, Tableau, and Excel with hands-on experience in data cleaning, EDA, and dashboard development. Strong foundation in financial data analysis and performance reporting, focused on delivering actionable, data-driven business insights.

TECHNICAL SKILLS

- Programming & Data Analysis: Python (Pandas, NumPy), SQL (MySQL)
- Data Visualization: Power BI (Dashboards, KPI Reporting, DAX), Tableau
- Database & Querying: Joins, CTEs, Subqueries, Window Functions, Aggregations
- Excel & Reporting: Advanced Excel (Pivot Tables, XLOOKUP, VLOOKUP, IF, Data Cleaning)
- Analytical Techniques: Exploratory Data Analysis (EDA), KPI Tracking, Trend Analysis, Data Validation
- Cloud & Tools: Microsoft Azure (Basics), Git, Jupyter Notebook

FEATURED PROJECTS (Portfolio)

SaaS Revenue & Churn Analysis | MySQL, Excel | [GitHub](#)

- Analyzed 600-customer SaaS dataset using SQL (CTEs, deduplication) and Power Query; tracked MRR (2022–2025), ~52% churn rate, and CLV vs CAC to identify revenue risk
- Built 8-KPI interactive Excel dashboard using Power Pivot & DAX; identified 47.83% at-risk customers by plan and billing segment to guide retention strategy
- Applied SQL window functions & CTEs to reveal top 20% customers driving 80% of MRR — supporting priority-based retention targeting

Superstore - End-to-End Sales & Profitability Analysis | Python, MySQL, Power BI | [GitHub](#)

- Analyzed 100K+ records using SQL & Python; flagged high-risk orders exceeding -\$3,700 loss and identified discount cap policy gaps driving profit leakage
- Built 3-page interactive Power BI dashboard using DAX & Power Query; tracked regional KPIs, customer risk segmentation, and gross profit vs COGS for executive reporting
- Identified -2.83% sales dip in 2015 and 29% YoY recovery in 2016 via trend analysis — validating seasonal patterns and informing discount strategy

Healthcare Claim Analysis | MySQL, Tableau | [GitHub](#)

- Queried 50K+ insurance claims using SQL; identified top high-cost CPT/ICD codes and billed vs paid discrepancies by provider and claim type
- Built Tableau dashboard visualizing paid ratios and cost breakdown by provider and category — enabling faster identification of financial discrepancies for stakeholders
- Cross-analyzed billed vs paid ratios across 50K+ claims; surfaced top 5 providers with highest discrepancy rates — supporting cost recovery decisions

CERTIFICATION - [Link](#)

- Data Analyst
- HackerRank SQL (Basic) Certification

EDUCATION & PROFESSIONAL TRAINING

Master's Program — Data Analytics | Simplilearn × IBM | 2023–2025

SQL · Python · Power BI · Tableau · Business Analytics with Excel · Data Science with R

Bachelor of Commerce — Accounting & Finance | Sunbeam College, MGKV Varanasi | 2013–2016

PROFESSIONAL EXPERIENCE

Data Analytics Intern | Deloitte Australia | May 2026

- Analyzed manufacturing telemetry data in Tableau; built dashboards identifying factory downtime and machine-level performance issues
- Performed equality score classification in Excel using logical formulas to evaluate workforce fairness and generate reporting insights

Underwriter | Wipro Pvt. Ltd., Kolkata, India | July 2022 – November 2023

- Reviewed 30–40 rental applications daily - analyzing credit, income, and financial risk data to support underwriting decisions
- Assessed structured datasets for compliance and risk exposure; applied rule-based criteria transferable to data validation workflows.

Accounts Payable | Genpact Pvt. Ltd., Kolkata, India | March 2017 – July 2018

- Validated and reconciled financial transactions, ensured accuracy in vendor payments, supporting financial control and reporting.
- Investigated data discrepancies in old payment records, coordinating with stakeholders to resolve issues and ensure data integrity

Career Break (July 2018 – July 2022) – Managed family medical responsibilities; returned to full-time employment post-COVID stabilization.

RECOGNITION

- Bronze Certificate for Exemplary Performance of the Year
- Recognized for Highest Productivity & Excellent Work Performance
