PROFESSIONAL SUMMARY

Data Analyst skilled in SQL, Python, and Power BI with hands-on experience analyzing large datasets, building KPI dashboards, and generating actionable business insights. Experienced in data cleaning, exploratory data analysis, and developing metrics to support data-driven decision-making.

TECHNICAL SKILLS

- **Programming & Data Analysis:** Python (Pandas, NumPy), R, SQL (MySQL)
- **Data Visualization:** Power BI (Dashboards, KPI Reporting, DAX), Tableau
- **Database & Querying:** Joins, CTEs, Subqueries, Window Functions, Aggregations
- **Excel & Reporting:** Advanced Excel (Pivot Tables, XLOOKUP, VLOOKUP, IF, Data Cleaning)
- **Analytical Techniques:** Exploratory Data Analysis (EDA), KPI Tracking, Trend Analysis, Data Validation
- **Tools:** Git, Jupyter Notebook, MS Office

FEATURED PROJECTS (Portfolio)

SaaS Revenue & Churn Analysis | MySQL, Excel(Power Pivot, Power Query, DAX)

- Cleaned 600-customer SaaS dataset via SQL (CTEs, deduplication) & Power Query; tracked MRR (2022–2025), ~52% churn rate & CLV
- Built Excel dashboard with Power Pivot & DAX; flagged high-risk customers (usage <30% or NPS ≤6) to guide retention strategy

Superstore - End-to-End Sales & Profitability Analysis | Python, MySQL, Power BI

- Analyzed **100K+ records** using SQL & Python to identify revenue trends, return rates, and key profit drivers; performed data cleaning and transformation
- Built interactive Power BI dashboards tracking KPIs like revenue, profit, and category performance for decision-making.

Healthcare Claim Analysis | MySQL, Tableau

- Queried **50K+ claims** to analyze billed vs paid amounts and identify financial discrepancies.
- Developed **Tableau dashboards** visualize paid ratios by provider, claim type, and CPT category.

Employee Performance Mapping | MySQL

- Used **joins, CTEs, and aggregations** to analyze salary distribution, bonus allocation, and compliance metrics
- Generated insights to support **HR decision-making and workforce reporting efficiency**

CERTIFICATION

Master's Program - Data Analytics | Simplilearn Certified in collaboration with IBM | 2023 – 2025

- Business Analytics with Excel
- SQL Certification Course
- Tableau
- Programming Basics & Data Analytics with Python
- Data Science with R
- Power BI

EDUCATION

Bachelor of Commerce (Accounting & Finance)

Sunbeam College for Women | Affiliated to Mahatma Gandhi Kashi Vidyapith, Varanasi, U.P. | 2013 - 2016

PROFESSIONAL EXPERIENCE

Underwriter | Wipro Pvt. Ltd., Kolkata, India | July 2022 – November 2023

- Reviewed 30–40 rental applications daily - analyzing credit, income, and financial risk data to support underwriting decisions
- Assessed structured datasets for compliance and risk exposure; applied rule-based criteria transferable to data validation workflows.

Accounts Payable | Genpact Pvt. Ltd., Kolkata, India | March 2017 – July 2018

- Validated and reconciled financial transactions, ensured accuracy in vendor payments, supporting financial control and reporting.
- Investigated data discrepancies in old payment records, coordinating with stakeholders to resolve issues and ensure data integrity

Career Break (July 2018 – July 2022) - Took a temporary break to manage family medical responsibilities; returned to full-time employment post-COVID stabilization.

AWARDS & RECOGNITION

- Bronze Certificate for Exemplary Performance of the Year
- Recognized for Highest Productivity & Excellent Work Performance
